SOLAR

ENHANCE YOUR BACKYARD OASIS

WITH A BOSS FLEXIBLE THERMAL SOLAR COLLECTOR

Install a Flexible Collector by Boss Solar and experience more fun, entertainment and relaxation this summer! Used in Australia for over 40 years, Flexible Thermal Solar Collectors are a reliable, cost-effective and versatile heating option. Perfect for all roof designs, shapes, pitches, and sizes.

Our highly efficient Flexible Collectors can double the normal swimming season and increase water temperature by more than 10°C, turning your pool into a private oasis.

Boss Solar's range of Flexible Collectors includes our patented Multilayered profiles, designed for improved durability and heating performance.

Create the outdoor lifestyle you have always dreamed of, with a Flexible Thermal Solar Collector by Boss Solar.
